Victoria Park friends are hoping to add a touch of colour to the area. Local children were

involved to a bulb planting session organised by the friends of the park who are now hop-

ing that next year's flowering season will be just blooming marvellous.

Children go nuts in park

CHILDREN in Stretford have been learning more about the birds which inhabit their park.

A special feed-the-birds event was held at Victoria Park, when the children learned how to mulch up tasty morsels and fill bird feeders for the area's feathered friends.

The event was part of the RSPB Feed the Birds weekend to help birds get through the winter.

It was organised by the Friends of Victoria Park, who provided all the equipment.
