

Win a Cintiq

All over the world, creative professionals use sketchbooks to express their first ideas. This is why the Cintiq 12WX was developed as if it was a sketchbook: it has a smooth, flat surface and is light weight which enables you to use it on your knees and to show it around to others as you would do with paper – digital paper.

The Cintiq fits into everyday laptop bags – all you need is a Mac or PC and power and discover the broad variety of creative opportunities.

Tap into the full potential of your creativity

CLOSING DATE: 31 DECEMBER 2010 TEXTS COSTS £1 EACH PLUS YOUR NORMAL NETWORK FEE. ENTRIES RECEIVED AFTER THE CLOSING DATE WILL NOT BE COUNTED BUT MAY STILL BE CHARGED. TERMS & CONDITIONS APPLY. SEE WEBSITE FOR DETAILS.

Community Times Stretford

Ghostly get together at Victoria Park

There was a ghostly get together on Oct 30th by Friends of Victoria Park (FOVP) to celebrate changes made to the park from a grant received from the Big Lottery Fund's Changing Spaces programme. These include a trim trail with exercise equipment with signs on how to use. Thirty two mosaic stepping stones in the wildlife garden. A 55 foot mural with panels decorated by different community groups. Stretford and Urmston MP Kate Green officially opened these new features and then she lent a hand in serving out food along with Stretford councillor Steve Adshead and FOVP. During the day there was face painting and Lantern making prior to a lantern parade and Halloween 'en part to finish off the day.
