Owners do battle for pets to be top dog

MAN'S best friends of all colours, shapes and sizes were celebrated during events in Sale and Strethford.

Over at Jackson's Boat there were pooches aplenty as the pub celebrated the ordinary mutt prizes for the

waggiest tails and even dogs that looked most like their owners.

The event also involved agility tests for the more energetic with all funds going toward the RSPCA.

There were

similar celebrations in Victoria Park where the annual Scruffs show got underway.

There were trophies for furry friends with sad eyes and happy smiles while the agility tests weren't quite as challenging

as those found in

pedigree dog shows.

Pauline Law, who helped organise the show with the park's Friends group, said: "Not all the dogs were that good and some of the owners had to make more of an effort. "It was total fun."
