

APRIL 2003

*An egg-stra
special thank you*

THE Friends of Victoria Park group in Stretford invited the young children from the community and their parents to an Easter egg hunt in the under 5s' playground in the park on Sunday.

The special event was held to thank the children of Victoria Park and St Ann's infant schools who have worked hard to improve the condition of the park by planting bulbs, bushes and plants.

Pictured on the day after the egg-citing hunt is James aged two (right).
