107 HIGHER ROAD, URMSTON

Welcome for park revamp

FRIENDS of Victoria Park, an action group to support and improve the appearance of the park on Victoria Road, Stretford, have secured funding to carry out environmental improvements in the park.

The money will go towards improving the bedding areas and bringing some of the neglected areas of the park back to life.

The Friends of the park approached the Stretford Area Board with a proposal to improve certain areas of the park and a total grant of £5,000 was allocated to the scheme. Friends of Victoria Park will determine the priorities once costings are available.

Our picture shows excited children joining community parks officer Ian Trickett at the park on Tuesday to celebrate improvements. Also in the photo are Friends and supporters of Friends of Victoria Park. Rh
