

## Six of the best

19/8/10

THE six Trafford parks and green spaces entered for Green Flag awards have been successful.

Victoria Park, Hulford Park, Walkden Gardens, Flixton Park, Denzell Gardens and Worthington Park all received the national standard, which recognises the best green spaces in the country.

Executive councillor John Reilly said: "This is fantastic news and highlights once again all the hard work that the council, friends groups and other partners carry out to make the borough greener."
