

SACKS OF FUN ON OFFER AT VICTORIA PARK'S ANNUAL SPORTS DAY

Kids enjoy summer fun

YOUNGSTERS took part in a variety of activities at the event including (clockwise from top) sack races, space hopping and cricket

GLORIOUS summer sun beamed down on Victoria Park in Stretford to make the annual community sports day a shining success.

Organised by the Friends of Victoria Park, the event included everything from sack races to football coaching, hockey to cricket.

And there was plenty on offer for non-sporty types, like a storytelling tent and a variety of stalls.

The highlight of the action-packed day was the Duck Decathlon, won by The Fantastic Five.

In this event teams competed in 10 'Olympic' sports such as hula-hooping and a skipping race.

Event organiser Shelly Quinton-Hulme said "This was a great afternoon, as ever well supported by our community.

"The Friends Group goes from strength to strength, but we are always grateful for new members to help us in our work."

Local councillor Bernice Arlick added: "This is

Stretford at its best, volunteers giving freely of their time and energy to benefit the community.

"So often young people are given a bad press, but this sports day gives Stretford kids a chance to have fun and shine."
